Free 3D cityscape games in your browser!. I really like your work and I cant wait for the next chapter. Â I am a big fan of your writing and I hope you make some more where you are heading. Â Â Â Â Â Â Â Â If you create.Q: findViewById returns NullPointer when inheriting Activity I have a problem inheriting from Activity. Here's my Code: public class MyActivity extends Activity { @Override protected void onCreate(Bundle savedInstanceState) { super.onCreate(savedInstanceState); setContentView(R.layout.main); TextView textView = (TextView) findViewById(R.id.activity_test); } } Why is findViewById returning null when it's not allowed to be null? When I run it, TextView textView is null. Here's my main.xml: A: I believe it should be textView.findViewById(R.id.activity_test) instead of TextView textView = (TextView) findViewById(R.id.activity_test); A: You cannot use Activity class (instead extends) with findViewById(R.id.activity_test), because findViewById will look for view with id's whose parent is activity. And you have not get any parent. If you have your TextView in layout,
