Features Key features of AutoCAD are: 3D capability (drafting, construction) Object-Oriented modeling CAD technology Creation of sustainable (LEED Platinum) architectural, engineering, and product design solutions Iterative design and analysis tools BIM (Building information modeling) AutoCAD is a Windows-based application that is available on the Windows platform. Autodesk announced on September 13, 2018 that it will begin shipping AutoCAD for MacOS starting March 19, 2019. In 2018, it was reported that Autodesk estimates that 40% of their workforce use AutoCAD on a daily basis. History AutoCAD LT AutoCAD LT is a proprietary CAD system developed by Autodesk. Autodesk acquired the rights to AutoCAD LT and all earlier products from Autodesk Labs in October 2005. AutoCAD LT was introduced in 1999 by MicroStation (now MicroStation Corporation) and developed as part of the MicroStation suite of products for mechanical engineering, construction management, energy management and other application-specific solutions. Autodesk released AutoCAD LT for Windows in 1999. AutoCAD LT (the non-Windows version) was released in November 2000. The initial release of AutoCAD LT included only a single command set. AutoCAD LT was positioned as a low-cost, feature-limited design and drafting tool. The application was designed for design professionals, without regard for project management or enterprise-wide solutions. This remained the primary market for AutoCAD LT until the release of AutoCAD 2004. The most recent release of AutoCAD LT is AutoCAD LT 2018. Since AutoCAD LT 2004 was the last major release of AutoCAD LT, the product is a version of AutoCAD in which every command, button, and menu was removed from its user interface to improve speed and performance. AutoCAD 2010 The next version of AutoCAD was AutoCAD 2010. The product's name changed from AutoCAD LT to AutoCAD and the interface was greatly revamped. AutoCAD 2010 is a windows application and was released in 2010. It was discontinued on September 15, 2015, when a new major release of AutoCAD was announced. It was replaced by AutoCAD 2018. The first release of AutoCAD 2010 was AutoCAD 2010 English, followed by AutoCAD 2010 German in 2011 a1d647c40b
