"The design and execution of this book... will appeal to anyone interested in learning about networks, computer security, and making web services work in the real world."--"Network World" Here, Andrew Tanenbaum, one of today's foremost authorities on... Works Everything Works: How to Make Web Services Really Work Everything Works. ISBN 0670015575. "The design and execution of this book... will appeal to anyone interested in learning about networks, computer security, and making web services work in the real world."--"Network World" Here, Andrew Tanenbaum, one of today's foremost authorities on networks and computer science, takes the reader step-by-step through the development of real-world applications. He combines hands-on application development with a clear explanation of underlying technologies, such as TCP/IP, the HTTP protocol, and CORBA. Highly illustrated. Every...Search form Connect with TRACE News & Events Articles Last Monday, the U.S. Court of Appeals for the Ninth Circuit announced its decision in a challenge to the Trump administration's asylum rule, which was due to go into effect last Friday. The court's ruling on July 17, 2019, reaffirmed a district court ruling and the first nationwide injunction against the rule's implementation. Last week, the Trump administration 3da54e8ca3
