Books on human resource management free download in gujarati. Thanks :) Alexey, 20 years old, Mogilev I would like to thank the organizers of the training for their professional work. The training program, in my opinion, was very interesting, structured, not overloaded with unnecessary information. During the training, I was able to structure my knowledge and ways of working with personnel, as well as look at my business with a slightly different eye. My problem is that I am worried about the conflict between the two managers, and I want there to be no conflict between them. Marina, 17 years old, Kirovograd Thanks a lot for the training.
