Conclusion A: Looks like you're in a residential or small commercial scenario, not a commercial project, as InfraWorks is designed to work with commercial contractors. My understanding is that you can use the same license key, and have an active contract for Autodesk's Subscription and Maintenance service. For the Subscription, the term may vary, but it can be two years. For Maintenance, it's usually the lifetime of your contract. Q: HTML5 video tag not working in IE11 I have a simple file upload form that allows the user to upload an.mp4 video from their computer (file is directly sent to the server via ajax): The

following code works perfectly in Chrome and Firefox, but when I try to upload an.mp4 from IE, a blank screen is displayed, and no file is uploaded (even when I open the developer tools and check the request on the server, the requested file is null).

```
$(document).ready(function () {  
$("#uploadForm").submit(function  
() { $.ajax({ url: '/api/v1/video/add',  
contentType: false, processData
```

Hun skriver, at hun beklager sig over de positive resultater, hun fik ved at tale med en 17-årig italiensk pige, som hun blev gift med og med det samme gifte sig hos en anden italiensk pige.
