ArchiFramearchicadtorrents: I keep running into "Windows failed to start" problems. "Windows failed to start" error messages can show up out of nowhere, seemingly from nowhere, and don't seem to have any cause. And the suggestion is to run ArchiFramearchicadtorrents in safe mode? There's no "safe mode" in Windows 7 Home Premium. Microsoft did release a patch in September for the problem, but that hasn't fixed it for me. I have to be able to run ArchiFramearchicadtorrents because of company policy, and I can't afford to have a hardware problem. ArchiFramearchicadtorrents.
