Last updated 15-Feb-2000 To: nma@netmag.com Subject: find a trusted web host URL: Here is a very quick way to find a web host which you know is going to provide you with reliable service. Simply go to one of the major search engines, type in the name of a web host you've been thinking of, click on their link and count the amount of text which displays at the bottom of the window. If the amount is low (ie several lines) the chances are the host isn't in a position to serve you well, but if the amount is large, the chances are excellent that your host is providing good service.
