A groundbreaking fantasy RPG game, Tarnished Knight, that gives you a far-reaching fantasy adventure in a dimension where much more than the normal MMO experience is possible. You have no controller to play the game. You are thrust directly into battle. In the game, you are a knight without a trace in a faraway, fantasy world. You find yourself in an unknown place where your order of Knights have not yet arrived. A map will open, and you will have to journey alone through a vast world where unexpected dangers await you in the vast world, and a new world emerges. The Return of the Elder Gods It's been long since the Elder Gods were sealed away, but the continent below is awakening once more. We have already been removed from the blood of the "Sacrifice", and a large number of Elder Gods has taken the power of the sun, and the unrest has started in the lands below. We have the largest army in the world, but we still don't know what happened to our knights and how they were sealed away at the edge of the continent. On the other side of the continent, something is really strange. The land and the inhabitants have been altered, and the people live in the shadow of the demon king Kairos. Like a pest, Kairos rages in the world, and the young hero has returned to his hometown to face off with him. However, the hero is forbidden by the orders of the king, and he cannot turn around and come to the world he protects. He needs to save the world while acting on his own. The Forbidden Hero is an action role-playing game where you'll be in the world of the land of the "Sacrifice" as the forbidden hero, who returns to save the world. ● Traverse a vast world with a rich geography ● Make choices and experience the story from a wide variety of perspectives ● Exotic world where you can freely customize your character ● A number of systems that put you firmly in the role of the hero ● Tons of exciting battles and numerous quests ● Enter into a long-lasting battle with the demon king Kairos ● Enjoy the cooperation between the protagonist and his friends through an entire campaign ● Over 20 specialized monsters, such as demon lord Kairos, Giant Beast, Armor I wish to request that people not post a linking image(s) or

## **Features Key:**

An open world which provides numerous actions, challenges, and examples of play

When you defeat monsters in the dungeon, you'll obtain experience points (EXP) and loot (boss drops). You will also obtain "Cash" which can be exchanged to purchase items that make your quest more convenient and lively. You can raise the amount of Cash obtained by defeating a boss by challenging them yourself in the field. This will influence the difficulty of the quest for other monsters nearby. In addition to your ability to continue your quest alone, you can also take a party of companions along on your journey. The companions can help one another and fight together to free up free time.

You can choose your companions to go with you from a party of four to a party of eight. Depending on the party you choose, you'll encounter various conditions depending on the time and place. As you party and defeat monsters together, you'll gain EXP points from each member. By doing so, you will acquire unique equipment of various rarity.

When you party with 3 friends, you must work in cooperation. When 3 members belong together, you can share EXP. In this case, the EXP earned by all players is divided, and the base EXP progression is doubled. When the party is full of friends, enjoy the wonderful environment as well as the elements of fantasy and drama.

TRY IT OUT NOW □Dangers Nearby□ Not only ferocious monsters appear in vast amounts in the dungeons, but there are dangerous monsters hiding in the area and moving about as well. When you enter an area, the door automatically closes after a period of time. You can't open the door after that period has expired, however, if you team up with at least 3 party members, you will open a path opening in the area.

□For You□ Fantasy action RPG that I will be making the easiest of a party of four play in the field with weapons and magic. A sense of weight, sorrow, and craftsmanship will be included in the story to maintain a sense of drama. The protagonist is of the misfortune that occurred when Tarnished was defeated.

FEATURES ◆ Easy to Play in the Field In addition to dozens of actions that you

RPG Passionate about the Fire Emblem series, Chaz likes the fast paced gameplay, tactical turn based battles, the characters and the music. He tries his best to collect all the characters and go all the way through each battle until victory. You might be his enemy in the game and in real life, but he's glad to see you playing this game! Solid Pro Pathetic NOVEMBER 3, 2014 Review: Seifer Before I begin, let me say that this is the first Review I will be doing on my website. I am still very new to this and have no idea what I am doing. Hopefully, it will be an entertaining read for you guys. :) This Review has something to do with the last game I played and reviewed. It is called Fire Emblem: The Sacred Stones. I really enjoyed that game, and I would definately recommend it for anyone who likes Fire Emblem. Before I give my review, I would like to say that I have just recently played Fire Emblem: Seifer. I started playing it about two weeks ago (few days actually). I started with Chapter 2. So, I am going to start by telling you about my journey to obtain the ten thousand unit limit as well as all of the cutscenes and gameplay. Oh, and I will be giving you a brief review of the game. My main focus in this review is to help you guys understand how to obtain the limit and also all of the cutscenes and gameplay in the game. As you may have guessed, I am not a Fire Emblem vet. I have played the other Fire Emblem games before and I am familiar with some gameplay, but I was not expecting the depth that I found in Seifer. The story of Seifer follows the same progression as The Sacred Stones. You will again be playing as the plucky soldier named Seifer as he embarks on a journey to become a swordsman. He must traverse a land full of gods and demons, and as you progress, you will discover many things about the world. I also want to talk about what I have only seen on stream, in the trailers, and on social media. These are the art books for the Fire Emblem: Seifer games. They all feature a similar cover. They all also have an illustration of an iconic character from the series. The character shown on the cover of the booklet is the female character from Fire Emblem: The Sacred Stones. Her name is Aqua
