Building on, and moving beyond the success of FIFA 19, FIFA 22 Product Key introduces a number of gameplay advancements in numerous gameplay systems. In FIFA Online, for example, the new "pro-only" mode allows players to train from any of the 64 UCL and UEL national teams, choosing from numerous training facilities. In FUT, defenders can become more physical with new "Defend" tackles and "Defend" headers. In Ultimate Team, "Danger Zones" and "Headshots" will help bring more strategy into the game. In Career Mode, FIFA 22 introduces new attributes and attributes effects, and a deeper and more refined player development system. The FIFA team today announced more than one hundred brand new features in FIFA 22. The top new FIFA features in FIFA 22 include: The new "Defend" and "Defend" tackles and headers in FUT receive a boost in physicality, to allow defenders to be more aggressive in the tackle. FIFA 22 introduces a new Pro-only FIFA Online mode, allowing players to experience a FIFA mode that is tailored to dedicated, pro players. This new mode will provide a great way for pro players to train and acclimate themselves to the FIFA experience, while also providing an easier and more consistent experience for the casual FIFA player. FIFA Online will now be entirely split into client and server - allowing for players to experience all modes from any location. "We've added more than one hundred new features and new gameplay options to FIFA 22. And given the scale and scope of this update, we knew we needed to make some big changes to how we're building FIFA Online and Career Mode. This was a big moment, both for the game and the teams on the FIFA development teams around the world," said Aaron McEwen, Executive Producer at EA SPORTS. "One of the big new features is the completely new 'Defend' and 'Defend' tackles and headers in FUT. This new level of physicality is just another way in which defenders can get the upper hand on opponents, as defenders now have more tools to be successful. We're also adding an entirely new Pro-only FIFA Online mode that will allow you to become a pro player and train with any of the 64 national teams - the opportunity that the game just wasn't providing previously. We are also looking at options

## Features Key:

- FIFA 22 :Play is based on new Ultimate Team gameplay that lets you develop your team over multiple matches. Train real-world superstars to master their skills in tactical innovation, throughout authentic leagues and tournaments.
  - Become an authentic footballer in FIFA football games with true natural reactions, skills and team plays.
    - Play through authentic and live football leagues in authentic venues
    - Train your players with both your own Manager Mode career and Player Career modes. Introducing true-to-life Career Mode - now add ownership, transfer and finances into the mix to play as a real football agent. Play a domestic game in real-world leagues and play against intelligent AI opponents. Move to the next level of FIFA Football gameplay by competing for league trophies and earning money on the pitch.
    - Identify and unlock authentic-style challenges to win rare player cards and items.
      - Master the beautiful game of FIFA football like never before.
  - FIFA's first all-new Player Ratings system. Based on the well-established UEFA Pro ratings, Player Ratings take into account how well a footballer performs over the course of the season, all in context to other players at their position - that's how we determine who's a genuine superstar, and who is just very good. All players have a player rating you can see when assessing their potential starting or substitute role.
  - FIFA 22 introduces "HyperMotion Technology." Redefines how artificial intelligence and player movement look and feel. Now catch and control a player, and see him parry your dribble, sprint your way to the line and dink a high pass that whistles past the defender.
  - FIFA ICONS: FIFA ICONS is back with 16 top ICONs from across FIFA's history in FIFA 22. You can earn these iconic players as a FIFA Ultimate Team\* by completing special FUT orders or in Ultimate Team. \*Discounts apply for a limited time during the pre-sale period.

EA SPORTS FIFA is a living embodiment of the beautiful game. Whether you are a passionate club or national team fan or a dedicated fan of all things football, there's a FIFA that fits your style. Play with the authentic feeling of real players and stadiums, create your own stadium to play in, or take on the other teams in real competitions around the world. FIFA is a unique experience and will be an exciting game for years to come. The Frostbite Engine The Frostbite Engine powers the greatest video game on the planet. In the past FIFA games have been powered by Sony's LittleBigPlanet, which has been highly praised but has lacked many of the new features that have powered the Frostbite Engine. Now, with the Frostbite Engine, FIFA has better controls, better graphics, and better gameplay. Football Game of the Year EA Sports FIFA is not just the best football game on the planet, it's the best football game of any genre. We deliver 360° freedom. Whether you are a football fan or not, there's FIFA that's right for you. Choose from the best World Leagues, build your own stadiums, and compete in many of the biggest, most real-life competitions. Use the Frostbite Engine to master real players and real players alone. EA SPORTS FIFA World League The EA SPORTS FIFA World League is not just one of the most authentic FIFA competitions around, it's the most authentic FIFA competition around. 16 of the world's most prestigious nations will compete for a prize of \$5 million. Choose from 11 stadiums and 30 teams to play on and get ready for the top football action of the year. Real Player Motion With FIFA, we used motion capture to allow real players to deliver the authentic feeling of the game. With the Frostbite Engine and the tools that the team developed, we're able to now use this technology to a much greater degree. In FIFA, real players deliver the ball with unique control schemes and physicality that reflect the way they would in the game. The engine has been enhanced to give players more control and feel the pressure of the game, which is truly authentic and the closest to the way real players feel when playing a sport. The Ultimate Team™ Ultimate Team™ is a dynamic and fun way to play and to build your own squad. Only the best players from your favorite clubs across the globe are included. In Ultimate Team, you get the ability to scout players and get them into your bc9d6d6daa

Build your ultimate club from over 100 players, and compete in a variety of authentic game modes and competitions. Also, for the first time, customize your FIFA Ultimate Team squad with new player faces, hairstyles and other customizations, or make your own Club. In addition, we have confirmed that we will be notifying players who have registered with EA Access, Origin Access, or the EA Access trial who may not have been able to access the Ultimate Team or Player Career in the weeks following the launch due to server issues. HARDWARE Maximum PC is well aware of the current state of the gaming PC market and the issues associated with fan-built, power-hungry machines that are regularly sold through major retail channels. We also believe that at some point, every gamer will want to build their own machine for their own set of needs. On that basis, we wanted to build a new machine that is already designed to meet these needs. The new offering is obviously more powerful than our previous "black box" PC, but delivers equivalent performance for current-gen titles while offering a unique, modular design and exceptional power savings for power-hungry PC gamers that are looking to build their own PC. This includes the ability to add-on our brand new Freezer 7 case design. Starting with a sleek chassis similar to our previous Freezer 6 and Freezer 7 machines, our new machine will allow you to integrate a large radiator and 120mm cooling fan on the top-mounted radiator plate. This radiator plate is easily removable and users will be able to choose from four premium radiator brands. Our new box also includes four SSD slots, leaving room for large and frequently upgraded SSDs for 32GB of on-board storage. Additionally, users will be able to upgrade the 1TB HDD to a 2TB drive by removing the HDD/SSD combo and replacing it with the larger drive. This also allows for running multiple operating systems as well as large game installations. Our latest machine's specs include: Intel Core i7-6700K 4.0GHz, 32GB Corsair Vengeance DDR4 2133 MHz RAM, Samsung 950 Pro 512GB NVMe Our new Freezer 7 case design has a removable HDD/SSD bracket, as well as a large removable radiator plate mounted on top. The new design also offers a built-in expansion chassis for even more customization. Additionally, this case is pre-painted with a custom
