This is the first version of the game to use HyperMotion Technology, which also allows players to sprint more naturally and provides additional lighting effects, improving visibility. The movement and running patterns of footballers are improved and pass fakes are more natural, and anti-crash prevention is now much more realistic. Players' stamina has also been increased, meaning stamina reserves will be more vital to players' gameplay. "This is the start of a journey to help all footballers improve in real-life," says Anthony Le Tallec, Senior Producer. "We're very much looking forward to the feedback from the community to help us decide what players should expect from this FIFA and we believe it will be a great one." Fifa 22 Features Key:

- HyperMotion Soccer
- Master Your Game - FIFA introduces 'Reaction Shot', a feature where players are pushed off the ball and into positions that makes it harder for the opponent to defend and easier for the player to score the goal.
- FIFA 2017 Passport - Arrive in FIFA 22 with a stylish, modern, FIFA 2017

Passport to share tips, tricks, and secrets on the pitch with friends and the FIFA community. Prove your football skills with the new “Heroes” Competitions; use the new lighting to create more than 500 perfected goals and then instantly share them with the world, or play FIFA Cup, and compete with your friends to be crowned Football’s version of the Rock Star

- New and Improved Visuals - The FIFA 22 engine is built from the ground up and features the ever-improving REVIT 3D Engine and the ‘I’ animation system. For the first time FIFA incorporates FIFA Moments, with hundreds of brand-new post-match scenes showing your club celebrating one of its big goals, a dramatic red card, or an outrageous off the ball action.
- FIFA Ultimate Team - Customise your FUT squad with real players from the past and present. Prove your skills in new, high-intensity, title-winning content. Make the ultimate team and complete one-of-a-kind kits and personalise kits, football boots, and more. The key lies within the marketplace where you can buy, sell and trade items to make the team yours.

Be A Pro - PlayStation® 4 Pro With nearly 80 goals and 50 assists from FIFA 22, EA Sports fans will be able to tell the difference between a Ronaldo and a Bale any day of the week. But what's not to like about FIFA 23? SPECIFICATIONS: NPD Group has identified a change in general hardware sales for PS4 versus last year in the U.S. The percentage of PS4 hardware units sold increased, with approximately 51 percent compared to 48 percent for the Wii U. The Wii U hardware platform represents a mature platform with fewer potential new consumers. Sony sold slightly more hardware units than Microsoft. The increase in PS4 sales included strong contributions from football-focused PlayStation 4 owners. The sales success of FIFA Ultimate Team also contributed to this increase. The new FIFA release will allow players to experience the highest-quality graphics, intense gameplay, and the most immersive gameplay experiences in the history of the series. The FIFA series has grown and developed in a variety of ways, beginning with its adaptations into the long-established FIFA Football series for the Nintendo GameCube and Xbox
