Basic Photoshop: File Types, Layers, and Adjustments Adobe Photoshop files are actually tagged and tagged, meaning that the file uses a tag table that contains names and tags for each individual layer. The three main parts of Photoshop are the Image, Layer, and Adjustments. Each part offers users different tools to manipulate their digital image. Image: The image is your photo or other source. You can crop, rotate, flip, distort, resize, sharpen, and sharpen; make adjustments like Levels, Curves, and Black and White; create layers, and use a selection tool to target areas of the picture. Layer: Your layers are places where colors, images, and text are placed on the screen. Layers are managed through the Layers panel. Each layer is an independent image file; in other words, you can place images and text anywhere in the document. You can also combine two separate layers into one, either by using the Layer Masks feature or through a Layer Composition mode. Adjustments: Users can choose from the available adjustment tools, such as Levels, Curves, Hue/Saturation, Blacks and Whites, Brightness/Contrast, and more. These tools operate by adjusting the overall image's appearance, often in a range of small increments (per channel) that enables a user to fine-tune their image. It can take a few months to get used to using Photoshop. It is a huge help to practice a few times using the Training Utility or Adobe Photoshop CS6 Welcome Guide. It will teach you everything you need to know to use Photoshop.

Basic Photoshop Tools Layers: Layers are a complex and powerful feature, but new users often have difficulty understanding them and using them. There are six layers in a Photoshop document. You have a background layer, which can be blank. Then you have a layer on top of that, called a regular layer. Layers are divided into groups of layers, called layersets. A layer can have multiple, so you can group layers together or make a selection that only has the part of a layer that you want to see. It's helpful to practice placing layers on the canvas with the Layers Panel. If you remove a layer from your canvas, you can always get it back by clicking Layers > Flatten Image. Layer Composition: When you merge two or more layers into a

A new series of park-inspired restaurants will be opening around the city in the coming months as part of the global outdoor dining trend gaining momentum. Sapporo Yacht Club is set to open in September with a two-day soft opening on Sept. 6 and 7, followed by a grand opening on Sept. 8. The restaurant, which will seat nearly 100, is the first of many in the city to become part of the outdoor dining movement, an initiative that began in the US in the late 1990s and moved to Canada in the early 2000s. "We're the first in Canada to actually open an outdoor dining restaurant," said general manager Barry Mackie. "We're going to be a global outdoor dining restaurant." Mackie said the idea of doing an outdoor restaurant was based on a number of factors, including the owner's love for the restaurant business. "The idea of hiring people in the summer time, that's what he's always done, so we all kind of looked at that and we said well this is going to be kind of the same concept, hiring people in the summer time," he said. "Then when we got into the business of it and saw the trends move on a little bit we realized that we need to be here now." The soft opening will allow the team to fine tune the restaurant and give diners a chance to have a hand in the design. The grand opening will be a chance for guests to get a sneak peak at the finished product and to celebrate the recent appointment of the restaurant's chef. "Last week I got a sneak peak of the kitchen and we actually built it a little bit different because the team at the moment are doing a little bit of work on it," Mackie said. "We're going to have a little bit more space at the back, it's going to be a little bit more like the interior than the out front." The restaurant's interior will feature a casual space with high ceilings, large windows and natural lighting. Mackie said while dining inside at Sapporo Yacht Club, you will feel more like you're on a yacht. "Inside it's going to look very open, you're going to have a view of the city from here," he said. "And then outside you're going to have a view of the water and that will be a totally different ambience." Mackie said the restaurant will

The induction ceremony took place at the Barclays Center in Brooklyn. Rolling Stone editor Jon Landau delivered the "ring of handshakes" to induct the Class of 2012, which includes singer Bruce Springsteen, keyboardist/guitarist Randy Newman, guitarist Stevie Ray Vaughan, bassist Rick Danko, drummer Garth Hudson and rock and roll pioneer Bo Diddley. ADVERTISEMENT "In 2012, we are truly living in a golden age of rock and roll," Landau said. "We've got five of the greatest living artists in the world, and all of them are from the last 30 years. It's the best time ever to be in rock and roll." The Hall of Fame said in the tweet that it will release the rest of the ceremony's highlights on the Hall of Fame's YouTube page at a later time. But it's safe to say the video gets off to a rousing start. No word yet on when all the music was recorded, but here are some highlights from the Class of 2012 induction ceremony.The director of the Department of Public Safety on Saturday admonished Texans not to let politics get in the way of public safety, a reference to a remark by President Donald Trump in which he said some undocumented immigrants from the border of Mexico are rapists and other "animals." "I know what he's doing," Director Steve McCraw said to reporters, referring to the president. "It's politics. It's like what we hear when we go to funerals. You hear 'He's a good family guy, but he's a Democrat. But he
