A warm, nostalgic pastel coloring of many classic games, rendered in lovely pixel-art style. Beating the beat of our retro-feeling music will transport you back to an era in gaming where retro culture was king, your favorite franchises were all over TV, and the beach was always right next door to your PC. With retro-chic presentation and music, Digital Kingdom plays tribute to all things classic. Explore lush, colorful pixel-art landscapes, snipe your way to the death in the Digital Deathmatch, and cook up a storm in the Dining Palace!

Inspired by the ideas of retro gaming, where a gamer can't go wrong in playing an amazing collection of titles to expand their mind beyond their current limits. Some people think this concept is limited to home consoles and the definition of a "console". This concept is great in any medium and any computer. Gameplay Mechanics: Stardust Falling Created using Cocotron >Gather the super-eights and make them fly up to create the supreme energy. >Use this to rewind time >Crash into back waves and float through the state of mind. "TIME STOP" The ultimate extreme strategy of resetting time. Kept for nostalgia. And to retain original performance. Returning to the roots of speed and style that was associated with retro classics. A time machine trip to the past, where you can play at super speed. Enjoy the journey as it flies by. "TRAVEL THROUGH THE DIGITAL WORLD" Who needs meds to chill out, when you have music to relax? Plugging into your favorite soundtrack of the 80's, 90's, and 2000's returns you to a timeless era of on-the-go gaming, where you can play without time-fuzzing. Now your favorite songs from your new favorite videos will play as you make your way through the Digital Kingdom. With 50+ tracks, each one is inspired by a specific game of the day, providing you with the best music ever. Plays favorite games like, Space Invaders, Asteroids, Warzone 2112, Super Mario Brothers, and many more to return you to a retro time where you could chase and blast away falling asteroids and aliens. At the perfect mood, these sounds of the retro-times will make you feel the essence of classic gaming, with soaring beats, neon lights, and cinematic video clips. Imagine for yourself! It's time to escape from the modern world! Reworked for your older computer systems. \*PC SYSTEM REQUIREMENTS: >Processor: 2.5 Ghz >Memory: 4 GB >Sound Card: Optional >DirectX: Version 9.0 Highlights - 50 awesome retro gaming sounds to play with. - Options for 3/4/5 axis tilt/switches. - A custom full Screen mode screen saver. - Can be used as background Music with the use of a USB sound card. d41b202975

2x2 grid. Here's how it works: 1. Use an Oculus Touch controller as your own hand, pointing at the environment. 2. Navigate your hand  
with arrow buttons and tap to interact with the environment. 3. Wiggle a finger for smooth, intuitive input. 1. Use hand tracking to  
point your hand into different directions to see things you're not normally able to or interact with. 2. Left handed users can use one  
hand as a controller and the other hand for pointing in a different direction. 3. You can put VR content in any room that has a wide  
enough wall to mount a sensor. Works with a wide variety of games and experiences, from 360° videos to social and party games to  
the best-in-class 2x2 grid experience. You can try it out now by downloading the SDK and trying it on your PC. Digital Advertisement
