The statement of the Investigative Committee said that the investigation had found a number of concrete evidences that the structure of the criminal case was set up by an authorized body of the Russian Federation, i.e. the FSB, as a result of which the persons involved in the operation also were recognized as employees of the FSB. Kyorin's soulful voices and a simple matter of tools allow them to create their own unique music style, while very simple composition tools such as easy to use sequencers and instruments will satisfy the audience. Kishi is also a long-term friend of Doodinit and also has Hatori and Ren Estoire's Doodinit song list. Please be sure to check all four of their songs here: New Little Kingdom from
