Quickly and easily download historical stock quotes from historical stock price charts. Stock Quotes Pro review The historical quote of a stock refers to the value of an asset as it is recorded on the balance sheet, irrespective of the fact that its price has changed significantly over time. Stock Quotes Pro is a lightweight application that enables you to download the end-of-the-day historical prices for stocks, funds and indices traded on the major international exchange markets. Comes with an uncluttered and organized interface Upon an uneventful installation, you can start using the application immediately. While the tool includes a comprehensive list of indices and symbols, you can seamlessly add your own markers for the mutual funds or the exchange stocks you are interested in. The main window comprises of a database-like sheet window where you can preview the symbol for the stocks, the download status as well as the confirmation of the data's integrity. The window also includes a toolbar that allows you perform actions quicker, such as open a new file, update the current quotes or add a new symbol, for instance. Enables you to save the lists with special formatting It is worth mentioning that the utility allows you to specify a plethora of parameters regarding how the listings should be saved. In addition to the location on your drives, you can specify the date format, time interval and whether the document's title should include a separator. Moreover, you can save the listings with a custom header, in a Metastock format or add a symbol in front, feature that are useful when you want to locate the files on your drives. Last, but not least important, the app enables you to specify the file extension of the document, an option that can spare you the trouble of having to install additional third-party software solutions. On a side note, you should know that the quotes are retrieved from only 3 data servers, namely Google, Yahoo and MSN. A reliable tool for quick stock quote prices download In the eventuality that you want to be up to date with the end-of-the-day prices for stocks from the major exchange market from around the world, then Stock Quotes Pro can lend you a hand. Stock Quotes Pro users reviews It works as advertised. Easy to use and loads all data in one window. I am an accountant and had to use this application. Irvin Amaya October 19, 2017
