Real estate listings held by brokerage firms other than are marked with the Lamor Park icon.In the last few years, we have learnt how diverse microorganisms play a key role in the functioning of our environment and thus in our lives, in health and disease. In parallel, we learnt how bacteria can be encoded and transmitted in a genetically flexible manner, so that a specific bacteria can change its phenotype and adapt to the host environment. This can not only lead to a different clinical manifestation but also to antibiotic resistance. New genome sequencing methods have enabled us to obtain t
