MoreScifiMusic.com ▶ Rated 5 / 5 stars2018-08-11 23:24:16 This was a great addition for me being all time fan of your game. I wanna say thank you a lot for making this, you did a great job. This map packs are a nice experience and very fun! I also wanna thank cj02413 for his contribution. I like that he fixed issues for me :D Rated 4 / 5 stars2018-08-10 22:59:54 Great story, great music. This reminded me of the "moon". I like the music, the story and the gameplay. The levels are pretty easy and this is an adventure game. If you can decide to add more levels, I recommend adding a bonus level and a maze. I like this adventure gameplay, since when people play games they usually want to get closer to the goal. Thank you so much. Carlo Ancelotti, manager of Monaco, is in the middle of a tight race to win the Ligue 1 title after defeating Nancy 2-0. The Italian has won four out of five games so far this season, and Monaco is currently level on points with PSG. Last season Monaco finished as runners-up to PSG. Ancelotti knows Monaco is not in a great position but is aware that PSG are still in their early stages of the season. "Monaco is a very good side," Ancelotti said in an interview with RMC Sport. "If you look at the table, they have two wins in the league and we have four and only three points in between. "Monaco have won, for sure, but PSG are still in their own league. A strong team could maybe knock them out of the title race. After games against Metz and Nancy, we are now waiting for our next opponent [Marseille] and I'm sure they will have five or six more. "Marseille are currently in good form and have three wins out of four and we will need to keep a cool head. PSG have already beaten Rennes and Metz, so we have to be realistic. We will try to use these games to develop our side." Ancelotti has the trust and confidence of the players. "I work with d41b202975
