The Eastern Roman Empire, or Byzantine Empire (Latin: Romaniam Graecam, Greek Βυζαντινὴ Ῥωμανικὴ, Viața Românească), was a civilization based in ancient Anatolia in the easternmost part of the Hellenic world, in the region of the Hellespont and the Bosphorus. Its stability allowed it to flourish for a long period of time, and its territory became the center of the Eastern Orthodox Christian world. Some scholars also consider the Empire part of the so-called "cradle of civilization", as it was the most important center of Greek and later Roman culture. The Empire was founded in 330 as a successor state to the Diocletianic Reforms, and became the state which was to rule the eastern part of the Ancient Roman Empire after the Western Empire's fall in 476. Its capital was Constantinople (Latin: Constantinopoli, Greek: Κωνσταντινουπόλεως, Konstantinoupolis, later Κωνσταντινουπόλεως), which at various times was known by the Greek titles of Nova Roma ("New Rome"), Second Rome, and Second Greece. The Empire continued to exist until it was conquered by the Islamic Caliphate in the middle of the 7th century. With the end of the

Eastern Roman Empire, the Byzantine Empire became the last vestige of the Roman Empire on the Balkans, and the eastern part of the Byzantine Empire fell to the Islamic conqueror, the Ottoman Sultan Mehmed I. The Empire's fall began in 476 with a rebellion in the city of Thessalonica, and culminated in the massive 4th-century defection of its army to the Ostrogoths. By the end of the 6th century, the Eastern Roman Empire had collapsed into a number of small city-states, known as the Theme-Wards. The "modern" histories of the Byzantine Empire were written after the fall, and are considered unreliable by modern scholars, because modern historians have been using the evidence for the Roman Empire's collapse in the West. Other Greek historians, such as William Hansen, have used sources which predate the empire's fall, and have had a lot more reliable information to base their works on. Byzantium (Latin

Hikikomori No Chuunibyuu 2 is the second title in the Hikikomori trilogy. The game takes place in the same world as its predecessor and is composed of nine chapters. One more will follow. The story revolves around a series of events that happen to a girl named Akari (whose name means "flower" in Japanese) and her family. Akari's father, a school teacher, is permanently hikikomori (shut up) in their home. Shortly before the events of the game start, Akari's mother is hospitalized and she has been forced to take care of her father. Things get more complicated when her parents bring in to their home the dutiful younger sister of Akari's father, Haruka (short for Haruko, not Haruka), who makes it her mission to help care for her "brother". During all of this, Akari tries to find her way in this new world while trying to find a way to recover from her own inner turmoil. As you progress through the story you will gain access to Akari's mother and father's diary entries and you'll also discover many more secrets of the characters. Who are they, really? And what is this strange new world where everything seems out of place? The events will paint a picture that will affect you emotionally. Hikikomori No Chuunibyuu 2 has the same story structure as the

original, but it adapts the narrative of the first game, making the story really stand out. This game has a great concept and very interesting characters. As for the gameplay, the player, again, is in control of Akari throughout the entire game. She can jump, climb on surfaces, jump over obstacles, pick items up or throw them, hide behind objects, crawl through the environment or grab a nearby item. Her input is the only one and she will have to use these elements to complete every sequence. She will have to make sure all puzzles are done. Besides the gameplay, Hikikomori No Chuunibyou 2 has several new features. First of all, the player will now be allowed to change the camera angle to different angles with the diagonal cursor. In addition, the O.S.S (Original Save System) returns with a new password system. You may want to save your game often as you go through each level. Save points are rather scarce and you may want to make sure you can recall any important events. All passwords are now saved on a

, " Ensign, Dec. 1993, 15-19. Note that after I wrote this essay, the Lord called upon me to be a public witness for the Church. So as I have sought to bring the spiritual lessons of D&C 121 to bear in my life, a similar challenge has been made on my life. I offer them to you, with the promise of God that I will strive to be obedient. Contemporary Significance THE CHARACTERISTICS OF A divinely commissioned living prophet involve humility, faithfulness, and foresight. The fulfillment of the Lord's promise in D&C 121 is a testimony to Latter-day Saints, that their prophet has dedicated his or her life to the cause of the restoration of the priesthood. They will see the Lord extend that faithfulness and truthfulness to a broad new area. In our day, God is calling some of his faithful servants to be prophetic voices that edify and warn our people. An important aspect of that prophetic voice is humility. One who lives up to the unique responsibilities of the gospel of Christ demands an even higher level of personal righteousness and moral integrity than the average person. Prophets offer the faith of the restored gospel of Jesus Christ a chance to glorify God. Others may become prophets through God's foresight and choose to exercise their prophetic calling. A prophet's potential claim to the premortal vision is a secondary blessing. The fate of our modern prophets is to be tested. The promises of sustaining grace and enlarging blessings of the Lord will be revealed as a challenge to God's servant. A prophet's disciples will likely not understand the breadth of his or her calling. The prophet will be tempted to compromise and fail to recognize the full breadth of his or her calling. In the face of failure, he or she will suffer a self-condemnation rather than anointing and the calling will seem to

die. The prophets will be forewarned of this temptation. We can be forewarned, too. It is good for us to recognize in ourselves the temptations to be ashamed before the Lord, to condemn ourselves, or to avoid the difficult calls. One of the most moving scenes in the Holy Scriptures deals with David's confession of his sin before the Lord. In the face of enormous failure as king of his people and the terrible consequences that soon follow, he still stands amazed and humble before God, saying, "I have not hidden myself from thee, O Lord." We know that the
