The New Fantasy Action RPG - ELDEN RING: Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between We reached the top of Mt. Erundel, and it was time to begin the intense battle against the God of the Underworld, Mugnir. Each of the 12 Elden Knights of Elden also gathered around us. We started the battle on the ground, and we introduced the importance of our spirits. While our spirits were not directly involved in the battle, we were still able to gain the upper hand through the power of our magic. We had the upper hand until we were overwhelmed by their power, and when the monsters became too great, we started to move up, reaching the peak of Mt. Erundel. Although we were outmatched in strength, our spirits were still far stronger than theirs, and so we defeated them. This meant that we finally got our revenge. We finally have the power to protect the Elden Kingdom, and so I began to cast a spell. The battle against Mugnir was at an end, and so we were able to earn a new spirit. The old spirit was now at the Peak of the World, and with that we had reached the top of the world. We were able to meet the 12 Elder Mages that we could choose to become our comrades. Each one of them had a unique ability, so we decided to try out them all. The battle wasn't over yet. It was time to proceed to the Underworld, which was shrouded in darkness. We set off through the Underworld, and after gaining an army of spirits, we eventually came upon a gate. We opened the gate and saw a colossal Oni. He had tremendous strength. It was no wonder that he was able to hold the spirit of the Underworld, so we decided to challenge him. Although he was strong, we had weapons that could pierce through the Oni's body. We started to slash him and thought that we could defeat him with the swords that we had. However, the oni just didn't seem to fall over. I was so angry that I couldn't stop myself, and in a fit of rage, I kicked him. That was the moment that I realized that we were really fighting an Oni. I don't know how
