A: Java = The Java Programming Language or The Java Virtual Machine Geo = "Ge" & "O" = "Geotechnical" & "Statics" 5 = "five" Colts 49, Bears 27: Glaryon Gathers for History Rob Chudzinski's second season as Indianapolis' head coach has included a pair of 12-4 seasons and two playoff appearances. He's shown a knack for building something special from little: Indianapolis has quietly assembled a team that's fun to watch in 2012. But what most makes the Colts' five-game winning streak impressive is how unimpressive it is. "I'm not sure if I was expecting us to go 5-1," Chudzinski said after the Colts rallied in their 27-24 overtime win over the Chicago Bears on Sunday. The Colts, on paper, have more talent on their roster than any team in the NFL. Their quarterback, Andrew Luck, has an extraordinary amount of arm talent. If not for a broken wrist early in the season, Luck would be the NFL's highest-rated quarterback. His weapon, Reggie Wayne, is one of the game's best receivers. At tight end, the Colts have had two of the NFL's top three receivers this season, among the league's most versatile skill-position players. At running back, they have Ahmad Bradshaw, who has the speed to run effectively between the tackles. At receiver, they have Hakeem Nicks, Pierre Garcon and one of the NFL's best defensive backs in Darrelle Revis. Even at the offensive line, the Colts have Jack Mewhort and Donald Thomas, two solid players on either side of the line. And who could forget about Trent Richardson, whose 1,395-yard rushing season was interrupted by a broken ankle. If not for those stars, the Colts wouldn't be 5-1. Chudzinski's biggest accomplishment this season has been to have his players see that they can be special. "This football team is very talented," Chudzinski said. "It's a lot of fun for us to be able to coach them and get on the same page." As Chudzinski explains it, the Colts have the energy of a team that knows how good
