Mazak CAMA .. Hi - I used to be completely regular on a lot of photos - but over the past few months I've been using the print to screen feature, and now the pictures are a little too dark. I have a cheap lcd TV, and I want to know what is the best method to use to compensate for the problem? Thanks for the feedback, John. We've just updated the page to make it clearer, especially about lcd prints. We've also addressed your question in the comments. Having the screen as bright as possible will be the best solution. Hi - I used to be completely regular on a lot of photos - but over the past few months I've been using the print to screen feature, and now the pictures are a little 6d1f23a050
