constitutional law bill of rights - right to dignity and right to basic education in which the roof and windows of a house had been removed forcing the inhabitants to live outside in the open thereby forcibly evicting them-whether by failing to restore the applicants home such that it was suitable for human habitation violated the applicants right to dignity, as well as their childrens right to basic education. constitutional law

bill of rights - right to housing, right to dignity and right to basic education where the roof and windows of a house had been removed forcing the inhabitants to live outside in the open thereby forcibly evicting them-whether by failing to restore the applicants home such that it was suitable for human habitation violated the applicants right to access to housing and, relatedly, their right to dignity, as well as their childrens right to basic education. so i seem to have an issue. i have a hd 5700 and when i try to install the legacy drivers from the ati site it doesnt recognise the os as being supported. i have contacted the ati site and they say they dont support windows 8 and i should install the 64 bit version of the drivers if i want to use windows 8.1. i have also tried the installers for windows 8.1 but i still get the same message. i have tried searching the net but i cant seem to find any problems people have had on installing the drivers. i just want to know if

---

anyone has any advice on this. thanks in advance.
