Interested in the services of One True Media? The site provides an easy to follow series of tutorials that walks you through the process. One step-by-step guide is included for the most part for each feature. You will find that it is not that difficult to create a killer montage with One True Media. It only takes a little time to familiarize yourself with the program. You might even want to check out the video tutorials and see how easy it is to use the different features. But before you do, you might want to check out the price. Depending on how much editing and personalizing you would like to do can determine how much the montage software is going to cost you. I recommend you try this free web-based video montage creator. It's easy to use and will allow you to create beautiful looking video montages. At the end of the day, you have the option to purchase the software at a discounted price if you want more editing and personalizing options. It all depends on how much you want to pay. If you have a lot of videos and images and you are willing to put in a little more time, you can spend \$69.97 for One True Media. As you can see, there is no reason why you can't make your own website that can support all of your multimedia files for free. With One True Media you can quickly and easily transform simple images and videos into a professional looking montage. If you would like to create your own website, but are not a web developer or don't know where to begin, then this may be a good option. There is no extra charge for using this program and you can upload your videos at no extra cost. You just need to upload your photos and images and the rest is easy. You can edit each photo and image in the montage and you have the option to import your videos or photos. You can choose to add transitions, such as fade, cross dissolve, wipe, and many others. You can add music if you wish.
