Not only does it have one of the fastest processors out there in the Snapdragon 820, but it also comes with Android 6.0 Marshmallow which is packed with new features and comes loaded with Samsung's unique features like the Air View, Samsung Pass, Samsung SmartThings and more. However, along with all of these added features comes a slightly increased price tag of $845.00. But there are ways to trim this cost down so you can have a great flagship smartphone that is at a more affordable price, if that is what you want. The Samsung Galaxy S5 has a price range of $850.00 to $850.00 which is fine for anyone looking for a great flagship smartphone. If you are looking for the best smartphone for under $850.00, check out the Samsung Galaxy J5. This phone offers a quad core processor, a 5.5-inch HD display and a great budget price of $449.00. Before we get into the 8 ways to cut the price down on your Samsung Galaxy S5, you will want to make sure you know exactly what you are getting with the Samsung Galaxy S5. The first thing you will want to do is go into your settings and under general tab go into about and check out what version of Android you are running. Depending on the version of Android you are running the Samsung Galaxy S5 will either have access to the latest Android updates or if you are on Android 6.0 Marshmallow you may or may
